# Cyber Security

---

**Prerequisite:**

This course is designed for non-technical computer users.

**Instructor**

Rovy Collado

**School Phone**

805-497-2761

**Class Dates**

4 Evenings:  
Wednesdays,  
6:00 – 9:00pm,  
Room 7

Sept. 14 - Oct. 5  
Or  
Oct. 26 – Nov. 16

**Room Location**

Room 7B

**Overview:**

Protect yourself and your organization from cyber threats! Regardless of your computer experience, this class will help you become more aware of technology-related risks and what you can do to protect yourself and your organization. Learn to identify many of the common risks involved in using conventional technology and how to defend against them.

**Class Resources and Recommended Books:**

Each student will receive a course outline and other useful handouts. Suggested books for further study will be recommended in class

**Bring These Items To Class Daily:**

- Pen or Pencil and note pad

**Instructional Procedure:**

The Instructor will lecture while demonstrating various Word techniques on a large screen at the front of the room. Students will follow along on their own classroom computer. Students may ask questions throughout the course.

**Homework Policy:**

Students will receive handouts which may contain some home practice activities however homework is NOT required.
